

## REMARKS

### Amendments to the Specification

Applicants have amended the specification to insert a substitute Sequence Listing. Applicants have amended the Sequence Listing to insert reference to the instant application (i.e. fields <140> and <141>) and to correct the error noted in SEQ ID NO: 3. No other changes were made.

None of these amendments adds new matter. Their entry is requested.

### The Response to the Notice to File Missing Parts

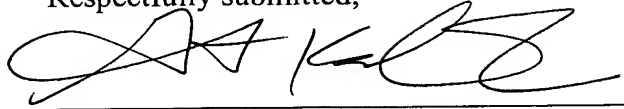

The Notice states that the oath or declaration of the inventors is unsigned and that a surcharge set forth under 37 C.F.R. § 1.16(e) for a non-small entity must be submitted. Applicants enclose a Declaration and Power of Attorney signed by the inventors and a check in the amount of \$130.00 in payment of the outstanding surcharge.

The Notice also states that the application fails to comply with the requirements of 37 C.F.R. §§ 1.822 and/or 1.823. Specifically, the Notice indicates that applicants must provide a substitute computer readable form (CRF) copy of the Sequence Listing and a statement that the content of the CRF copy of the Sequence Listing is identical to the paper copy.

As described above, applicants have enclosed a paper copy of the substitute Sequence Listing. Applicants also submit a CRF copy of the substitute Sequence Listing

and the required statements under 37 C.F.R. §§ 1.825(a) and 1.825(b). This amendment does not include new matter.

Respectfully submitted,
